Dear Fred & Eleanor,

Ladda, myself and our company arrived back in Bangkok safely last week, after long journey in Europe and particularly ⁱⁿ United States, happy to get back to the warmth of Thailand. There was plenty waiting for ~~me~~ us to do, and ^{we} must apologize for not writing ^{to} you sooner, but ^{we} would like to express our sincere thanks to you for your kindness and considerate attention to us throughout our stay with you, and also thanks for ~~the~~ the materials printed about our work in Florida you ~~have~~ kindly sent us, they are very impressive indeed, the newspapers over here also made a big splash of our return, they wrote about the U.N. and the Washington-Bangkok functions ~~It~~ particularly caught the public imagination, and the representational nature of our tour was greatly emphasised.
