Dear Khun Prasit,

Happy New Year! Please accept the gift which accompanies this note with all my good wishes. I think you will soon be on, if you are not already, 220 volts, so it will be all right.

I wanted to come and see you this week, but Mr. Burrow is away and I have a vast amount of work to do. Could we fix for a lunch time next week? Would Tuesday about 11.45 do?

With best wishes to 2507
and best regards

Michael Smith
