My Dear Shri Prasidha,

After a extremely short visit of about a month to the great country of Japan, I have returned to Hong Kong and now look forward to my onward journey. In Tokyo, our common friend Mr. Sakakibaran was extremely kind and he did many things for me and my friend ~~and~~ so much so that it would have been impossible to understand Japan if he had not helped. We talked about you and his stay in Thailand and saw his visitor's book in which your name was written.

After a quick running through of Saigon, Phnom Penh and Siem Reap, I expect to reach Bangkok on 19th August by Royal Cambodge Flight no: RC 221 and propose leaving for Pengag on 21st. During this short stay in Bangkok, I would like to see Thai Dance and take photographs if you can kindly arrange. I hope I shall be more fortunate this time in seeing Thai Classical Dance.

I shall be obliged if you will kindly inform our friend Mr. Bhukhanwalla (Mr. Arvind) about your convenience so that we can meet on 19th or 20th without loss of time. I hope your proposed visit to Paris in September has been finalised and that you will be visiting us in Bombay in November as suggested by you.

With best wishes I remain

yours sincerely
