Dear Mr Prasidh,

I learned through the papers that you returned safely. Welcome back in Bangkok! Also my heartiest congratulations to your great success.

Could you spare me a moment to write me the full address of Professor Klaus Pringsheim? I cannot find it in my files. Sorry to trouble you when you probably have your hands full with work.

In the hope to see you soon and with the best wishes for a happy and prosperous New Year,

I am,

F. Jacobson
