Mr. Nathan Broder,  
Associate Editor,  
G. Schirmer, Inc., Publishers,  
3 EAST 43rd STREET, NEW YORK 17,

Dear Mr. Broder,

In response to your kind interest, I am enclosing herewith my paper, MUSIC IN THAILAND for your consideration. I trust that you understand that this paper was prepared as a speech along which demonstrations are inserted. To make this presentable to reading public, I feel that pictures of our music instruments as well as examples of music notes should be added. Mr. Malm kindly suggested in his letter of November 3, that it should be enlarged a little more in detail. If you should be interested in having it done so, I will appreciate hearing your further advices concerning the improvement of this paper.

Please be sure that I am greatly honored by your kind thought in my work. And may I pledge myself to be of service to you, and may I look forward to our pleasant association? I am

Yours sincerely,
